SUMMARY**ROADIAN MTX** MUD TERRAIN

The Roadian MTX features an aggressive and versatile design that is perfect for both extreme off-road and highway driving. Each tire boasts a dual sidewall design that allows you to customize the look of the tire on your vehicle.

The Roadian MTX also features a standard 3-Ply design and F-Load weight rating that makes it extremely capable for heavy hauling. With such rugged traits, you wouldn't expect the Roadian MTX to be as quiet as it is on the highway, but thanks to its patented tread block design the road noise has been minimized.
